

Future Ready Youth: From Skills to Income

AI, Data & Financial Skills for Young Malaysians to Build Careers, Freelance or Business Opportunities

5-DAY PROGRAMME

FOR AGES 16–30

AI · DATA · FINANCIAL SKILLS

A five-day programme built for Malaysian youth ready to turn their skills into income — whether as an employee, freelancer or entrepreneur. Perfect for young Malaysians aged 16–30, and for parents and guardians who want to invest in their future.

Why Register?

Future-Proof Your Skills

Build the AI, digital and analytical skills employers are hiring for right now.

Explore Every Pathway

Understand what it takes to succeed as an employee, freelancer or entrepreneur.

Take Control of Your Money

Learn to budget, manage cash flow and make confident financial decisions.

Leave With a Real Plan

Walk away with your own Skills-to-Income Action Plan and a clear next step.

What You'll Learn — 5 Days

DAY 1 Understanding the New World of Work & Income

Spot the shift in today's job and income landscape, and where your skills fit in.

DAY 2 AI & Digital Productivity

Use AI and digital tools to work smarter, faster and more responsibly.

DAY 3 Data Analysis & Visualisation

Turn raw data into insights for better decisions.

DAY 4 Financial Literacy & Management

Budget, manage cash flow and build sustainable income habits.

DAY 5 Employee, Gig & Entrepreneur Pathways

Compare pathways and build your own Skills-to-Income Action Plan.

THE OUTCOME

A more future-ready and income-ready youth — equipped with stronger digital, analytical and financial capabilities to make confident decisions about their career, freelance or business future.
